## ERHARD POSES GREATEST CHALLENGE TO ADENAUER SUPREMACY IN A DECADE

### Flies to Honolulu Instead of Chicago

HONOLULU (AP)—Tired, he boarded the plane and dozed off. Waking, he looked out of the window and saw the blue Pacific. Richard Fuertst had intended to go to Chicago. He arrived in Honolulu.

He told the stewardess he apparently went through the wrong gate at Burbank, Calif. The pilot suggested he remain a day as the airline's guest. But Fuertst, of Marinette, Wis., insisted: "Got to get to Chicago."

After a 2-hour Hula holiday, he caught a plane for the mainland.

## Controversy Over Radar Is in Open At State Capital

HARRISBURG (AP)—A simmering legislative controversy over whether to allow state police to use radar in prosecuting speeders is out in the open today.

Rep. Stephen McCann, Democratic floor leader, indicated that the feeling is so high that it has crossed party lines.

"I don't know what's going to happen when we put it to a final vote," he said.

The House Motor Vehicles Committee approved the radar bill late Tuesday for floor action and McCann immediately scheduled a showdown vote on it for next week.

Rep. Albert W. Johnson, Republican floor leader, also conceded that his ranks were divided on the merits of the radar proposal. In 1957, it passed the House but was pigeonholed in the Senate.

The big difference this year is that both the Republican and Democratic party platforms for 1958 expressed support of the radar.

## Finance Wizard Concerned Over Latest Charges

RIO DE JANEIRO, Brazil (AP)—Earl Belle, wanted on fraud charges in Pittsburgh, says he is concerned that a Brazilian financier's charges against him here might affect his chances for a fair trial in the United States.

The financier, Roberto Leal Lobo E Silva, accused Belle of trying to float \$246,000 worth of stock in a company that had no assets and could not pay its bills. The charges were brought Tuesday.

The publicity received in the United States on what he termed the false charges in Brazil would have an adverse effect on him, Belle declared.

He maintains he is innocent of the charges contained in the Pittsburgh indictment and has denied any wrongdoing in Brazil.

Belle has been living in Rio for almost a year. Brazil has no extradition treaty with the United States, and he cannot be compelled to return there for trial. He is not under arrest here.

## Sen. Clark Opposes House Plan for Kinzua Reservoir

By John Koenig Jr. WASHINGTON (AP)—Sen. Joseph S. Clark (D-Pa.) said today a house ordered study of an alternative plan to check flood waters of the Allegheny River would be an unnecessary expense.

Urging that a Senate Appropriations Subcommittee recommend that the survey be rejected, Clark also proposed that the group support his request that five million dollars be appropriated for construction of the proposed Kinzua, Pa., flood control dam.

Clark, in a letter to Sen. Allen J. Ellender (D-La.), chairman of the subcommittee, said "fair consideration has now been given to all possible alternatives" for flood

By GEORGE BOULTWOOD BONN, Germany (AP)—Economics Minister Ludwig Erhard and Konrad Adenauer failed in a private talk today to settle their quarrel over Adenauer's insistence on remaining chancellor.

This was reported by informed sources of their Christian Democratic party after the two men met behind closed doors for an hour and 45 minutes.

Therefore the discussion will continue later today in a full meeting of the 271 Christian Democratic members of West Germany's parliament.

The main point of controversy unresolved was reported to be that Adenauer was supposed to have said Erhard was unable to lead West Germany at this critical time because of his attitude toward foreign affairs.

Erhard arrived Tuesday night from the United States angrily declaring he was determined to kill the "historical lie" that he was unfit to rule.

Informants said Adenauer invited him to the chancellery.

Returning from a visit to Washington, Erhard announced he would contest the 83-year-old Adenauer's decision last week to remain as chancellor rather than carry out his previously announced plan to step up to the West German presidency. Erhard had been the favorite to take over the government.

The big question was whether Erhard could muster enough support in the ruling Christian Democratic party to force the Adenauer to loosen his iron grip.

As economic minister and the architect of West Germany's post-war recovery, Erhard is considered one of the party's biggest vote getters. But Adenauer was strong enough last week to win the reluctant consent of the party's parliamentary caucus to his change of plans.

Erhard conferred until early this morning with Heinrich Krone, Christian Democratic floor leader, Hermann Hoehner, the chief of the party's Bavarian branch, and Willi Rasner, party business manager.

Asked if he would resign as economic minister, Erhard replied, "That depends."

The 62-year-old economic minister, who is Adenauer's vice chancellor as well, also challenged published rumors that his chief thinks he is not equipped to head the country in this time of international crisis.

## Police Clash With Hospital Strikers

NEW YORK (AP)—Fifty policemen, swinging nightsticks, and about 100 pickets clashed Tuesday in the first outbreak of mass violence in the month-old hospital strike.

Seven pickets were arrested. No serious injuries were reported.

Leon Davis, president of the striking union, called for an investigation by Mayor Robert F. Wagner.

The brief flareup occurred at a medical school graduation ceremony near one of the seven hospitals struck by nonprofessional workers.

The academic procession was made up of the faculty of New York Medical College and 123 students who were to receive degrees. They marched three blocks in 90-degree heat in academic robes. The hospital pickets gradually joined the end of the procession.

## MONEY FOR DAM OKAYED BUT FROZEN

WASHINGTON (AP)—The House passed and sent to the Senate Tuesday a \$1,177,177,000 omnibus appropriation bill for flood control and navigation projects, including several in western Pennsylvania.

Included was a \$1,400,000 item for construction work on the proposed Kinzua Dam on the Allegheny River in Warren County. However, this appropriation was frozen.

It is to be kept in reserve until the U. S. Supreme Court rules on an appeal of the Seneca Indian Nation against construction of the dam and until a resurvey of the project ordered by the House Appropriations Committee has been completed.

Originally, the appropriations committee directed that the money be diverted to other projects. But under pressure from proponents of the Kinzua Dam, the House last week approved an amendment to the omnibus bill keeping the \$1,400,000 in reserve.

Other western Pennsylvania projects included (budget requests of President Eisenhower in parentheses): Monongahela River Dam \$8,800,000 (\$6,800,000); Bradford, \$2,400,000 (\$2,400,000); Brook River Reservoir near Sharpsville, \$50,000 (none).

The appropriations are for the fiscal year starting July 1.

## Legal Way Paved for Teamsters' Cleanup

WASHINGTON (AP)—The U. S. Court of Appeals today armed U. S. Federal District Court with powers to enforce its cleanup orders on President James R. Hoffa and other officers of the Teamsters union.

In a unanimous decision, the appellate court said Dist. Judge F. Dickinson Letts was within his rights in modifying a consent order which terminated litigation to bar Hoffa from taking office.

Under the order, Hoffa was allowed to take office but a three-member board of monitors was set up to watch over the union's affairs and make recommendations for restoring democracy to the union.

In its opinion today, the appellate court said the recommendations of the monitors are not self-enforcing, but that they may go to Judge Letts for orders putting them into effect.

## Results of Session on Missiles Still Secret

WASHINGTON (AP)—Defense officials have taken to President Eisenhower a dispute over missiles for air defense, but what decisions were reached, if any, remain secret.

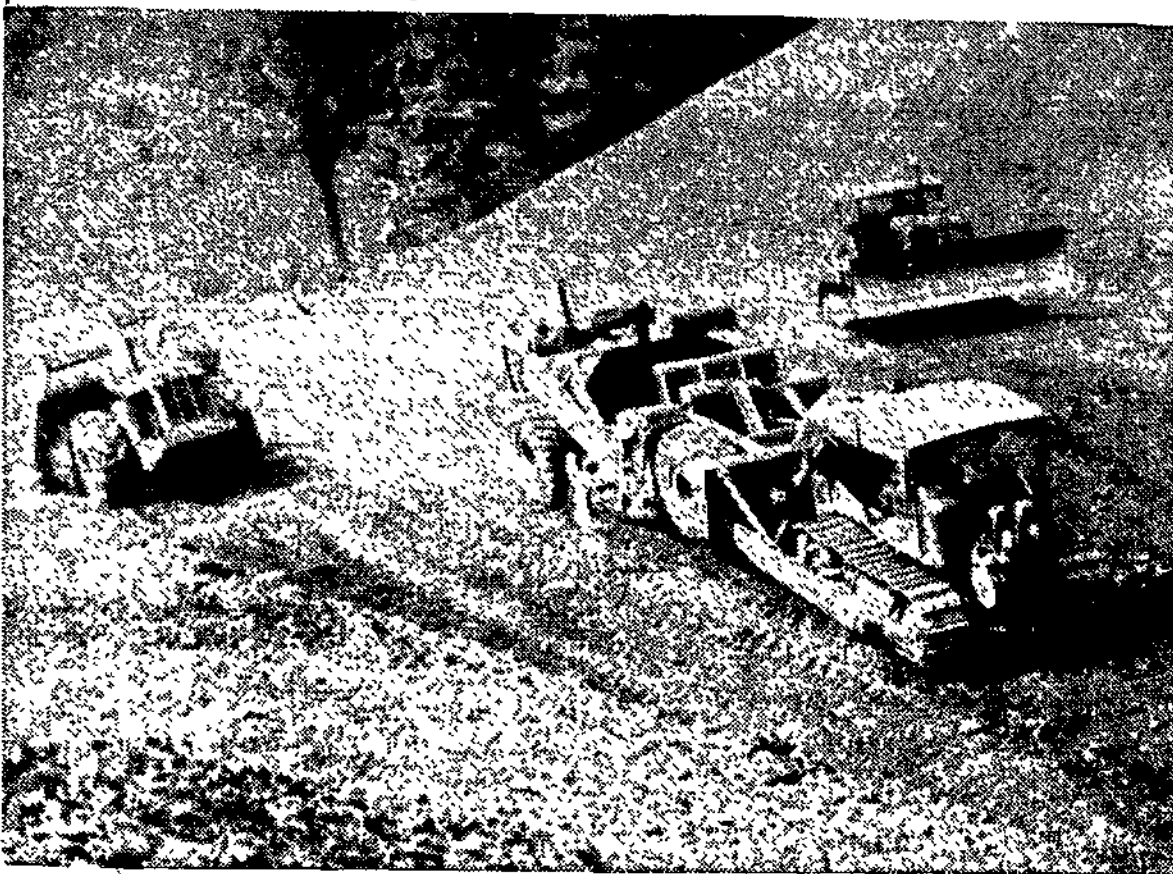

Neither the White House nor participants in Tuesday's meeting would discuss results of the secret session, beyond saying it included talk of a proposed master plan which Secretary of Defense Neil H. McElroy had been directed to prepare.

At stake is a question about the kind of defense weapon the United States needs. Should it concentrate on the Army's Nike-Hercules or the Air Force's Bomarc or both for defense against enemy bombers.

GAMBLING CRACKDOWN VANDERGRIFT, Pa. (AP)—Police in this Westmoreland County community have been ordered to crack down on all types of gambling.

The order was issued Tuesday by Burgess Ralph W. McIntyre in the wake of a recent federal grand jury probe of racketeering in western Pennsylvania.

## Dirt Is Flying on New Highway

Progress is being pushed on the new portion of highway on Route 62 from the three lane above North Warren to the New York State line. The modern stretch of pavement runs just west of Russell about one-quarter mile. Above photo shows equipment removing a hump this morning. Dozer pushes the scoop-type tractor up hill as a large basket gathers dirt underneath. The load is then dumped where needed as fill, an empty truck makes a return trip, left, while a dozer circles around (right) to push. The hump is all that's left of a mound of earth, cut down 35 feet. Part of the bank can be seen in upper right of photo. This was a scene about two miles from the present highway running through Russell.

## Traffic Boss First To Be Hit With Fine

COLUMBIA, S. C. (AP)—This city hiked its fine for overtime parking from 50 cents to a dollar Monday. Among the first to be docked for the doubled fine was Robert S. Davis, chairman of the traffic committee which had recommended the higher fine.

## Neff Charges He Was Convicted In Newspapers

HARRISBURG (AP)—Samuel G. Neff, fired from his \$12,500-a-year post as manager of the State Workmen's Insurance Fund because of alleged highways Department irregularities in Beaver County, claims he was "tried and convicted in the newspapers."

Neff, long-time political leader and former Beaver County Democratic chairman, spoke out after learning of his dismissal Tuesday by William L. Batt Jr., labor and industry secretary. He promised comment on Batt's action today.

The dismissal followed accusations in a report by Republican Aud. Gen. Charles C. Smith that Neff forced political contributions from contractors who leased highway equipment in the county.

Neff said Smith "is wrong in his accusations."

Batt told Neff in a letter that he was being dismissed immediately because the charges "reflect derogatorily upon your ability to continue in public office."

But Batt emphasized that the dismissal was in no way a reflection on Neff's performance as head of the insurance fund.

Meantime, Beaver County Dist. Atty. Richard P. Steward said he wanted to study Smith's report thoroughly before deciding whether to file formal charges against Neff.

Steward said he would make the study "as soon as possible."

## Plan To Illustrate Syndicate Operations

WASHINGTON (AP)—How does a criminal syndicate move in and take over an area of law enforcement?

Investigators promised to illustrate the operations of such a syndicate in testimony today before the Senate Rackets Committee.

The committee currently is concentrating on vice and gambling in Lake County, Ind., which it says has been brought under the control of agents of the Chicago underworld.

Among witnesses slated for an afternoon session was Tony Pinelli, alleged overlord of gambling operations in the county. Pinelli has been described as a Chicago bookie now living in Sierra Madre, Calif.

## Judge Says Trial Will Not Be Swayed by Race or Creed

BULLETIN TALLAHASSEE, Fla. (AP)—Four white youths went on trial today in the rape of a teen-age Negro college coed.

The four defendants, ranging in age from 16 to 23, looked on gravely and attentively as the preliminaries got under way.

Relatives of some of the boys also were in the court room.

More than 150 Negroes filled the segregated balcony. White spectators were barred for the time being so that prospective jurors could occupy seats on the first floor.

By HENDRIX CHANDLER TALLAHASSEE, Fla. (AP)—A veteran north Florida jurist pledged his court would function "without regard to race, creed or color" during the Tallahassee rape trial opening today.

Circuit Judge W. May Walker told newsmen the case of four white youths charged with raping a slender Negro coed was being treated no differently than any other.

There was an atmosphere of tension in Florida's capital city as the highly publicized case began. Walker said the case probably would be concluded by Saturday unless selection of a jury stretched out too long.

The four, if convicted without a recommendation of mercy, would get the death penalty. No white man ever has gone to the electric chair in Florida for raping a Negro.

The slow business of picking a jury was expected to take a day or more. Three women and several Negroes were in the panel of about 170 prospective jurors.

National attention has been focused on the case, partly because it took place just a week after Mack Charles Parker, 23-year-old Negro accused of raping a white Mississippi woman, was hauled from a Poplarville, Miss., jail by a group of men. His body (Turn to Page Sixteen)

## Altoona Resident Suicides After Slaying Woman

ALTOONA, Pa. (AP)—A 21-year-old Altoona man fatally shot a married woman outside her home here Tuesday night and killed himself shortly afterward when police cornered him in a nearby alley.

Asst. Dist. Atty. Frank Wartel of Blair County identified the victims as Mrs. Joanne Royer, 25, and John W. Dyczko, 25. They were neighbors.

The shooting of Mrs. Royer occurred just after she left a neighbor's porch where she had been chatting. Dyczko also was on the porch and followed her when she left, Wartel said.

The district attorney said an investigation was being continued in an effort to determine a motive for the slaying.

## Suit Stemming From 1956 Crash Is Heard

LOS ANGELES (AP)—A federal jury today will determine the damages to be awarded three plaintiffs in a 10-million-dollar suit stemming from the 1956 Grand Canyon air crash.

The jury held that both United Air Lines and Trans World Airline are legally responsible in the crash, which claimed 128 lives.

The suit was brought by relatives of three persons aboard the UAL flight. Two of the victims were attorneys for Ford Motor Co.—Theodore M. Kubiniez and Donald F. Kehl. The third was Carl J. Snyder, a vice president of Chrysler Motors Co.

The largest claim was filed for Mrs. Snyder, who asked \$5,250,000.

## Only Thing Taken By Thieves Is Dog

PITTSBURGH (AP)—When Lulu Mills went visiting, she took comfort in the thought that her 8-month-old boxer was guarding her apartment. He was rated a good watchdog. She returned home to find the door to her apartment had been jimmied open. She told police the only thing missing was her watchdog.

## Starkweather Is Granted Another Stay of Execution

WASHINGTON (AP)—Justice Charles Evans Whittaker of the Supreme Court today granted a stay of execution to Charles Starkweather, 20-year-old mass killer from Nebraska. Starkweather had been scheduled to die in the Nebraska electric chair on Friday morning.

Whittaker said that counsel for Starkweather would have until June 17 to file a petition with the full Supreme Court, asking a review of his case.

If a petition is filed, the stay will remain in effect until the full court acts finally on it.

Whittaker acted on a brief petition for a stay filed late Tuesday by two Washington attorneys.

## Tightening of Blue Laws Gains Support

HARRISBURG (AP)—Stiffer penalties for doing business on Sunday have won preliminary approval in the House.

The Rules Committee sent the Senate-approved measure to the floor Tuesday for further consideration.

The proposal identifies items prohibited for sale by businesses open on Sundays. They include clothing, furniture, accessories, jewelry and toys.

Selling the items on Sunday would make the vendor liable to a fine of \$100 for the first offense and \$200 for subsequent offenses.

Under present law, adopted in the late 18th century, the fine is \$4.

## WEST SPOKESMAN SAYS NEW SOVIET DEADLINE IS "TOTALLY UNACCEPTABLE"

By JOHN M. HIGHTOWER

GENEVA (AP)—The Soviet Union has proposed to the Western powers a one-year moratorium in the Berlin crisis—provided the West agrees to begin working out a German settlement on Soviet terms.

A U. S. spokesman said the proposal—which would put the West under a new deadline—was "totally unacceptable" and must have been introduced by Soviet Foreign Minister Andrei Gromyko "in order to bring about the breakdown" of the Big Four conference.

Andrew H. Berding, assistant secretary of state, making public the Soviet proposal which was advanced at a secret session Tuesday, reported the Western reaction today at a news conference.

Berding said that "obviously there is no point in going on with the conference on the basis of these proposals."

Gromyko, after his move at the secret session at the residence of U. S. Secretary of State Christian A. Herter Tuesday, got agreement to a formal Big Four session today. He served notice he would present the proposal there—meaning he would make it public.

Herter and British Foreign Secretary Selwyn Lloyd and French Foreign Minister Maurice Couve de Murville, asked for a written statement of the plan. Gromyko refused to provide it.

Berding said the proposal "reintroduces a time limit, one year, into the Berlin situation and also reintroduces the element of threat."

The Soviets originally had proposed on last Nov. 27, a six-month time limit which the West called an ultimatum.

Berding said the proposal as presented by Gromyko covered these general lines:

"The Soviet Union would accept the temporary maintenance of certain Western occupation rights in West Berlin for a one-year period."

"During this period an all German committee of the Communist German Democratic Republic and the West German Federal Republic on a parity basis should work out the problem of reunification, agree on the principles of a peace treaty and facilitate the development and broadening of contacts, between the GDR and GFR."

Gromyko, Berding said, declared the one-year time limit was necessary to prevent the West German government from delaying indefinitely the successful completion of a peace treaty.

Continuing his report on the Gromyko statement, Berding said:

"The Soviet Union would agree to a one-year recognition of certain occupation rights in West Berlin on the basis of the (Turn to Page Sixteen)

## DeGaulle Seeks Equal Role For France in NATO

By GEORGE MACARTHUR PARIS (AP)—France appears to be drawing steadily away from her chief partners in the Atlantic Alliance as President Charles de Gaulle puts on pressure to win his country an equal role with Britain and the United States.

Western diplomats are openly concerned over how far the stubborn French president will go. De Gaulle has set a course aimed at restoring France to her lost international prestige and power. His strategy appears to be to cold shoulder various NATO projects until the United States and Britain openly recognize the "grandeur of France" which De Gaulle proclaims with religious fervor.

De Gaulle is asking to be accepted as a bargaining equal to President Eisenhower and British Prime Minister Harold Macmillan. His demand is viewed as somewhat unrealistic since France has no atomic bomb, only two under-strength divisions now under NATO and is threatened with internal dissension over Algeria.

De Gaulle wants the formula on how to put together an A-bomb. He can't get it from the United States. Congress forbids that. Britain shows no inclination to give it to him.

**Player's Club Plans for 100th Public Production**

The June board meeting of the Warren Player's Club was highlighted by the announcement of tentative plans for the 100th public production of the club to be given early in October of this year.

Held last night at the home of the president, Mrs. Edna Swanson, this was the initial meeting for the new board of Warren's only amateur theatrical group. The new officers include Mrs. Swanson, William Hill Jr., Sunny Lucia, Dorothy McGarry, John Zawinski, Harold Johnson, Ralph O'Dell, Meredith Johnson, Don Norris, Andy Yurick, and Norman Forsgren, all of whom have been active in Player's activities for many years.

With the club in its 30th year this fall, members are now preparing for the 100th public production, an event to kick off the new season. Many plans were discussed at the meeting last night, and rumors are already rampant that Player's plan to produce another in the string of successful musicals which have always been a favorite of Warren audiences.

Chairman Ken Plimpton, of the Program Committee, has revealed that his group has been considering many top-flight Broadway shows, among which are the well-known "Guys and Dolls", "Finian's Rainbow", "Brigadoon" and "Of Thee I Sing". Name of the musical will be announced at the July Board Meeting and, coincidentally, on the 4th of July Parade Float which will again be designed and executed by the prize-winning duo of Andy Yurick and Don Norris.

Another first for Player's will be the production of a play during the summer months, the dates already announced as

**PRE ACCIDENT**  
A dispatch from Centerville says the caboose of a short Pennsylvania Railroad freight train left the track about one mile north of Centerville and rolled down a 10-foot embankment early Saturday.

Three men were in the caboose. None was hurt seriously, but one of them did receive treatment at the Titusville Hospital. His name was not learned. The Corry-to-Oil City train lost its caboose about 5:30 a.m. A two-inch break in the rail was blamed for the derailed car. The mishap occurred near White's Crossing. The caboose's trucks broke away from the body of the car and did not follow the car down the embankment. The wheels were partially off the tracks, however. The injured man was taken to Centerville depot by train and loaded into an ambulance, where he was taken to the hospital.

## Graduation at St. Joseph's School

Members of the 1959 graduation class at St. Joseph's Parochial School posed with their leaders on the new church steps for this Stokes Studio Photo. In the front row, left to right, are Mark Musante, David Anderson, Elizabeth Suppa, Lucrecia Rogers, Carol Piccirillo, Jane Book, Helen Ullrich, Pamela Duncan, Rosemarie Musante, Vincent Faga, James Davis. Second row, Sister M. Stella, Charles Branch, Robert Brady, Daniel Greco, Robert Teconchuk, Thomas Slate, William Sheckler, James Falvo, Fathers Rocco Tito and Alfred Bauer. Another class member, Fredrick Retterer, is not pictured.

The 1959 Class of graduates of St. Joseph's School had the distinction of being the first to hold exercises in the new church and their day commenced with attendance at the 10:00 a. m. Dialogue Mass and receiving Communion in a body.

A procession to the school social rooms followed where a breakfast had been prepared for them by members of the Parent-Teacher Unit's seventh grade mothers. Tables were beautifully decorated with spring bouquets and favors were gifts from Sister Stella, their teacher for the eighth grade.

A gift was presented to Sister Stella from the class expressing its gratitude.

In the evening at 7:00 o'clock, the graduates assembled for a group photograph taken on the church steps and followed at 7:30 by exercises inside the church.

Father Rocco Tito, assistant pastor at St. Joseph's, delivered an address to the group and his brief talk conveyed a tender message of good counsel for a happy future and expressed the need to stay close to God and His Blessed Mother. In his several years here Father Tito has been very close to the boys and girls of this class and they have benefited by his help.

Father Alfred Bauer gave out the diplomas to the large class of 19 members and also awards

earned by them and pupils in the other grades. In his jovial manner he expressed the admiration and love with which he watches the children year after year; later expressing how proud his parish should feel with former members scattered throughout the world in vocations and working for the honor and glory of God.

The awards were as follows: The American Legion Award in recognition of the possession of the high qualities of Honor, Courage, Scholarship, Leadership, and Service was presented to Daniel Greco, with the American Legion Auxiliary award for the same to Helen Ullrich.

Other eighth grade awards—Highest average, Helen Ullrich; second highest average, Daniel Greco; highest average in Religion, Jane Book, and highest average in Deportment for eight years, Lucrecia Rogers.

In the other grades, with the highest first named then second: Grade 7: William Starmer, Cecelia Musante; Grade 6: Mary Ann O'Neill, Jeffrey Pace;

Grade 5: Barbara Lucia, Judy White; Grade 4: Mary Williams, Diane Notoro; Grade 3: Catherine Teconchuk, Mary Borger; Grade 2: Christine Cowan, George Yarzabek;

tempt to rescue his fellow workers. Warfield, Martin Falcon, 23, and Thomas Timura, both of New Kensington, drowned in eight feet of water at the bottom of the pit.

Singleton, the only witness to the tragedy, was working at a nearby country club when Falcon stepped down a ladder into the manhole, lost his grip, then plunged to the bottom of the pit. Timura went to his aid.

## Mirrored in Our Times

If you're one of the ones that spent the entire winter months complaining about the long, cold spell, let's not hear one word about the heat! Just remember, that chill will be back sooner than you think. The best method is to contemplate ways of beating the heat, or at least, enjoying it while it lasts. No need to sit on a few pounds of ice—or crawl into the deep freeze. Try thinking the right thoughts... dream of those, wonderful summer showers—free of lightning and thunder—summer showers that cool and refresh—that remind you of a lovely garden in all its delicate bloom. Capture it quickly and easily and capture the admiration of those near you at the same time. It's so very easy... and so effective...

Stay cool and feminine with the happy use of fragrance by famed Prince Matchabelli. Beat the heat with "Summer Showers" at the Warren Drug Store. You'll be amazed at the refreshing presentation of items in Summer Fragrance... for your personal use as well as for gifts. You'll adore the scent and you'll

feel much, much cooler. Check the Warren Drug Store for these wonderful \$1 items!

Junior golfers at CVCC received welcome news yesterday when Ann S. Donovan, junior activities chairman, advised that Tuesday, June 16 would mark the opening for the younger set. Lessons will be at the following times: 9 a.m. until 9:30 a.m., ages 6 through 11; 9:30 a.m. until 10:00 a.m., ages 12 through 16. Many mothers have volunteered to assist with the junior tournaments and a large turn-out is expected next week.

Looking back to other Jaycee 4th of July celebrations, with the various Queens and courts that presided, one wonders how they could continue to find such outstanding youthful lovelies from year to year. But we'll bet that the 1959 Miss Warren County will uphold the tradition, and many look forward to the fun and excitement that accompanies her final selection.

Men golfers at CVCC host a team from Titusville Saturday with something new added. This year, the wives of the players will join the gentlemen

for dinner and dancing. Which makes us wonder, if the men readers have taken time out to fill in those vital wardrobe needs for the social affairs as well as the sports world. You'll sweater if you've not selected a light-weight suit for summer wear—preferably the wash and wear variety. But it's not too late—

A quick stop at The Style Shop will suit you just fine. Here's the finest selection of "the best in menswear"—and at practical prices as well. Plenty of interesting new accessory items are also being featured—right down to the socks in your shoes or the straw hat on your head. Why not finish your shopping this weekend—and be ready for come what may!

Chapman Dam Park is in top condition. Sunday's crowd was almost unbelievable. The water was fine—the Sunday School class picnic a success and it was nice to see Joe Monitore, former manager of the Fifth Avenue grocery, who is now holding forth at our lovely recreation area. Be sure to plan a trip there soon.

## Enoch Lunquists Celebrate Their Golden Wedding Day on June 6th

Mr. and Mrs. Enoch E. Lunquist of Erie, Warren county residents most of their lives, celebrated their golden wedding anniversary with a reception in the parlors of Kingsley Methodist church in Erie June 6.

There were 70 present at the invitation affair to help the couple observe the great occasion. Freda Marie Carlson and Enoch E. Lunquist were married by his father, the late Rev. David Lunquist, in Sheffield on June 2, 1909.

"They renewed their vows in a beautiful ceremony conducted by the Rev. Harold Knappenberger, Kingsley pastor and classmate of the couple's son, Robert, when they graduated from Warren High School.

Best man in 1909 was the bride's brother, Hugo Carlson, now in Chicago, who served in the same capacity in 1959. The second attendant was the bride's sister, Mrs. Randall Clark, standing in for the late Eileen Cady, who performed the duty 50 years ago. Also present for the reception was Mrs. Ivar Andeberg, Jamestown, N.Y., who played the wedding march.

Four sons were born to the couple: Paul Enoch, assistant sales manager for Struthers Wells at Titusville, married to the former Laura Nelson of Chicago, and having two daughters, Bonnie Sue and Julie Ann; Benjamin David, who

The serving table for the anniversary event was decorated with a large spray of yellow daisies; silver sets used were heirlooms with respective parents of the couple.

Mrs. E. F. Anundson, sister of the bride from Sheffield, and Mrs. Paul Lunquist poured; granddaughters had charge of the guest book and punch bowl; the three-tiered cake, handsomely decorated in gold, was in charge of Mrs. Randall Clark.

Guests were present from St. Petersburg, Fla.; Chicago, Ill.; Youngstown, O.; Erie; and the following from nearby:

Mrs. E. F. Anundson, Mr. and Mrs. L. T. Anundson and son, David, Mr. and Mrs. Theo. Open house was held Sunday at the home of Mrs. Mabel Rapp, in Brown Run road, to honor the 90th birthday anniversary of her mother, Mrs. Florence Lightner Culbertson, who was born June 25, 1869 near Stoneboro, in Mercer county.

In the accompanying Times-photo by Saylor, Mrs. Culbertson is surrounded by immediate members of her family comprising four generations. Left to right are a granddaughter, Mrs. Mary Nelson; great-granddaughter, Mrs. Mary Nelson; great-granddaughter, Susan Nelson; daughter, Mrs. Rapp; great-granddaughter, Donna Nelson; and another grand-

Y.; Jesse and William Culbertson, and Mrs. Mabel Rapp, all of Clarendon RD 1. Mrs. Culbertson has 32 grandchildren and 27 great-grandchildren.

MR. AND MRS. WILLIAM W. AUGENSTEIN

Youngsville Evangelical United Brethren church, filled to capacity and decorated with white pom pom chrysanthemums and peonies, was the scene on June 6 of the marriage of Anne Caroline Schwanke, second daughter of Mr. and Mrs. Otto Schwanke, Sixth street, Youngsville, to Wilbur Weston Augenstein, elder son of Mrs. Harold G. Irwin of Garland and the late W. H. Augenstein.

A Youngsville High School graduate, the bride is employed by Warren Electric Cooperative in Youngsville. The bridegroom, who attended Ohio State University and Allegheny College, studying forestry and landscape gardening, is associated with the Skupano Nursery Company in Warren.

The bride wore a gown of white silk organza, its basque bodice topped with a portrait-neckline yoke and brief sleeves of white chantilly lace. The lace was repeated in applique medallions and deep hemline band on the flowing floor length bouffant skirt and on mitts ending in points over the wrists. Her silk tulle fingertip veil was held in place by a chaplet of pearls and iridescent sequins, and she carried a bouquet of white fuy mums centered with a knot of pink sweetheart rosebuds.

As matron of honor for her sister, Mrs. Jeannine Seekings wore a bouffant ballerina-length gown of hyacinth blue silk organza, with three-quarter sleeves softly draped like the empire-styled bodice, which also featured a bateau neckline and prim bow. Her matching crownless picture hat was finished in the back with a posy of beehoned miniature daisies.

Identically gowned in spring pink organza were three attendants, Anne Johnson, Shirley Darrow and Constance Schwanke, sister-in-law of the bride, and Cherri Schwanke, junior bridesmaid for her sister. All carried bouquets of pink daisies. David Schwanke, brother of the bride, was ring-bearer. Three

## Matter of FACT

When Michelangelo was a young boy in Caprese, a small town near Florence, Italy, he knew he wanted to be an artist. His father looked on painting as a common "trade." In spite of this, Michelangelo became one of the greatest painters and sculptors of all times. When he died in 1564, he left behind him works of art that are among the most treasured in the world.

Written for NEA Service  
West did not know what to do with his 19 points. He decided to start with a trap pass and then went into business as a doubler at his second turn to bid.

East did not like anything about the hand since his side was not playing deuces wild. He opened the deuce of hearts and prepared a short speech for delivery to his partner after the hand was over.

Fortunately for West the speech which was to discuss the folly of doubling someone into game was never delivered.

North won the first trick with dummy's ace of hearts and without pause to consider possibilities "cashed" dummy's ace and king of diamonds in order to get an immediate heart discard.

Now the club was finessed successfully but he could not get back to dummy for a second finesse and had to go down one trick.

North's play was an example of being penny wise and pound foolish. An immediate losing club finesse would have put North down at least two tricks but he should have risked that in an effort to make his contract.

A—Bid five clubs. Your partner must have club support and you have a good five-card suit headed by the ace-king. Six clubs would be a possible alternative bid.

## Boyle's Column

By NAT POLOWETZKY  
(Substituting for Nat Boyle)  
TOKYO (AP) — "A joy party began."

That's what the English language synopsis of a play said—although up on stage the actors, in their gorgeous costumes, sat around showing as much agitation as a totem pole.

But the synopsis said it was a joy party, and the synopsis has become the foreigner's guide through the intricacies of the Japanese theater.

Sometimes the synopsis explains. Sometimes sheer poetry is the result, without much elucidation.

Take the play "The Mother of Shosho Shigemoto."

It's about 78-year-old Kunitune and his wife, Kitano-kata who "was about 20 years old and was so famous with her extreme beauty."

During the "joy party" Kunitune becomes so drunk he gives Kitano-kata away to Shihei "top man of the Fujiwara."

Says the synopsis "he was for a long time considering to make his wife free for the sake of her own happiness because he was too old for her. But now, after she was gone with someone else, he stood in desperate loneliness."

But not Shihei, who according to the synopsis, "was so much pleased with Kitano-kata that he visited her room everyday."

Well, as it happens in Japanese plays everything becomes very confused at this point. The Fujiwara clan falls on bad days.

Shihei dies—or as the synopsis says: "Fujiwara family collapsed after Shihei and many members died of ill or thunder (sic)."

Kunitune (who is about 90 at this point), who could never get his wife out of his memory, became insane. The young Shigemoto (their young son) was pitiful (sic). He could never see his mother again since Kitano-kata has also been confined herself in a small nunnery outside of the town after Shihei died."

The synopsis shows everything turns out fine in act 3.

"One day Shigemoto was walking nearby the nunnery. Suddenly, he was struck with a strong wish to see mother and started to run along a stream. He found a nun preying (sic) before the grave of Shihei. It was Kitano-kata. He called her name. The mother and son were holding each other without a word, under the cherry tree in full blossom."

The Nishigaki, a big, modern music hall, also gives out an English synopsis of its acts.

Scene 15 of one play is called "Concrete Jungle."

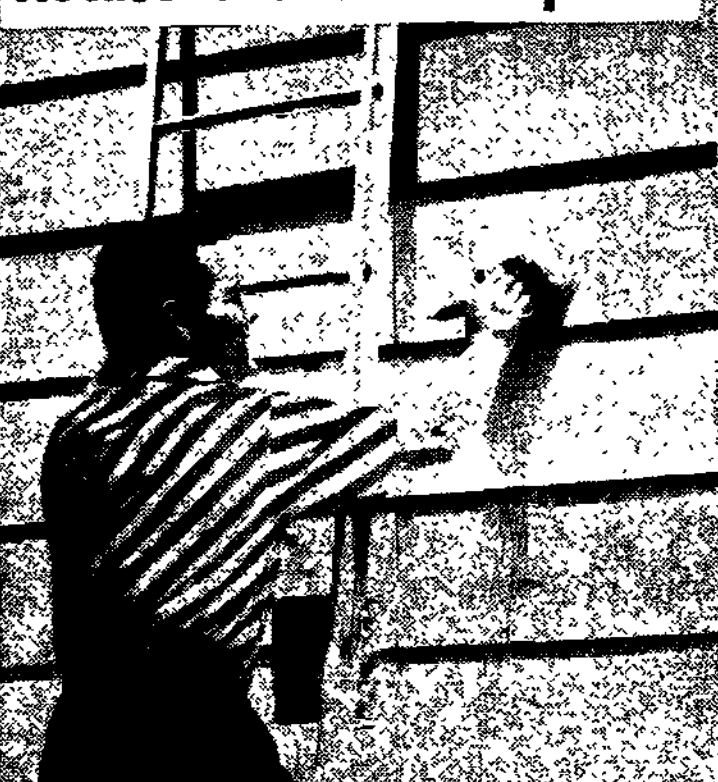

"An ambitious scene which depicts a crowd of young people, singing the praises of their youth in the midst of noise and 'rock 'n' roll,' at Westside (sic) of New York where dwell crime and poverty."

## High Court Clarifies Ruling On Congressional Inquiries

By STANLEY MEISLER  
WASHINGTON (AP)—The Supreme Court has clarified its controversial rulings on state sedition laws and congressional investigations, saying earlier decisions in these fields were misunderstood.

Splitting 5-4 in both cases, the court Monday said state sedition laws may be invoked to protect the state, and upheld the right of congressional committees to question educators as well as others about alleged Communist activity.

In making these rulings, the court affirmed contempt convictions against Dr. Willard Uphaus, director of the New Hampshire World Federation Center, and Lloyd Barenblatt, a former teacher at Vassar College and the University of Michigan.

Uphaus had been convicted under New Hampshire's sedition law for refusing to provide a membership list of the center to the state attorney general. Barenblatt had refused to tell the House Committee on Un-American Activities whether he had been a Communist party member.

Earlier decisions in the same fields had drawn severe criticism from some congressmen and from groups as the state attorneys general and the American Bar Assn. Moves were started in Congress to try curtailing the court's power.

But, in its latest decisions, the court said that part of the earlier rulings had been misinterpreted. Justices Clark, Frankfurter, Harlan, Whitaker and Stewart made up the majority in both decisions. Dissenting were Chief Justice Warren and Justices Douglas, Black and Brennan.

In the Uphaus case, Clark, speaking for the majority, said that its Nelson case did not "strip the states of the right to protect themselves." In that case the court had thrown out the conviction of Communist leader Steve Nelson under the Pennsylvania sedition act.

In the Barenblatt case, the court said that the House committee acted within the scope of its authority when it questioned Barenblatt about membership in the Communist party.

## Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.  
Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"  
The secret is a new healing substance (Bio-Dyne)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H. At your druggist. Money back guarantee.

## Sugar Grove Has Post Elections

SUGAR GROVE — Members of the American Legion Post 758 have elected the following to serve as officers in the coming year:

Commander, Roscoe Knapp; first vice commander, Norman Cobb; second vice commander, Lawrence Stevens; adjutant, Merle Trumbull; finance officer, Frank Gorman; chaplain, Kenneth Frank; historian, Richard Mack; service officer, Robert Hunzinger; sergeant at arms, Stanley Meleen.

The local Post reports it had a very busy Memorial Day weekend, starting with distribution of Memorial Flags on all veterans' graves in the area. If any such grave was missed, officials state, it was accidental and apologies are extended to their kin. It is also requested that any veteran's grave without a flag-holder be reported to the Legion at once, so that one may be placed immediately.

The firing squad arose at 5:00 a. m., hoisted the flag at the American Legion Home at 6:00, and went on to Lottsville, Bear Lake, Chancellors Valley and Lander to fire volleys in tribute to area dead. The squad marched in the Busti parade at 9:00 a. m., firing three volleys in the cemetery and returned to Sugar Grove to participate in the parade at 11:00.

Following the parade, an impressive program was presented in Town Park. Reforming, the parade moved to the American Legion Home, where the flag was hoisted to full mast and a luncheon dinner was served.

## Hollywood News

**By BOB THOMAS**  
AP Movie-TV Writer

HOLLYWOOD (AP)—Communing—that's what is making ours a matriarchal society, says Max Shulman, a sage observer of the American scene.

"Nearly every man today is a communter," remarked the humorist. "After fighting the traffic in the morning, working all day and fighting the traffic again, he comes home beat."

"But his wife—she's got the automatic washer and dryer, so she doesn't work the way she used to. When her husband comes home, she's just as fresh as if she'd had 30 days in the country."

"She starts throwing these questions at him about straightening their daughter's teeth and giving their son dancing lessons. The husband is too weary to concern himself with such things, so she takes over. She rules the family by default, but I don't think she really likes it that way."

"Now when I was a kid, the father was still the symbol of authority, like a cop. And I think we were better for it."

His observations were evoked by his present assignment, overseeing the filming of a TV series based on his tales of an ingenious American youth named Dobie Gillis. It is already being hailed as the most promising newcomer for the fall season.

Shulman started writing the Dobie Gillis stories in 1943, but the series starring Dwayne Hickman will be updated to the present. So the author has done extensive research on today's teen-agers and finds them different from his own of 20 years ago. And not for the better. The cause,

he firmly believes, is the mother's ascendancy to family domination. This is his first foray into television. He did some original scripts at MGM a few years back (including a full-length "Dobie Gillis"), but had no part in scripting his

"The Tender Trap" and the recent "Rally 'Round the Flag, boys." He feels this was a mistake. He'll say here to watch the first 13 scripts filmed so his boy Dobie will get off to a proper start.

## Delicate Question Involves Space Men In Training

SAN DIEGO, Calif. (AP)—Should space pilots be kept in sterile isolation during training, or should they be allowed to live normal lives?

In short, as a flight surgeon with a sense of humor put it at a session of the American Rocket Society: "Should our space pilot sleep with his ultra-violet lamp or with his wife?"

Dr. Toby Freedman of North American Aviation Inc. said the answer is simple.

"If space flight were a one-shot affair," he said Monday, "no precaution would be spared to keep the crew germ free. But once we realize that space flight is not a one-shot affair and that the fliers will be trained, not for a single stab into the darkness but for continuing space exploration, then it is obvious that isolation is neither possible or desirable."

Dr. Freedman proposed normal life for space candidates as a guiding principle for flight surgeons who will be faced with making decisions that will affect the survival of tomorrow's rocketmen.

## Eisenhower and Wayne Are Busy With Autographs

WASHINGTON (AP)—President Eisenhower and screen actor John Wayne were kept so busy giving autographs Monday night they scarcely had time to eat.

Eisenhower was the principal speaker at a \$100-a-plate Republican dinner and Wayne was the master of ceremonies. They sat together at the head table.

Both men still were on the first course when dozens of diners and some waitresses came from all parts of a big banquet hall to get the signatures of the President and Wayne. Mrs. Eisenhower, seated at Wayne's left, also signed her name many times.

The President, the First Lady and the Hollywood star, smilingly stayed at it for about a half hour. Then Wayne stepped to a microphone and announced: "Ladies and gentlemen, we are going to have to ask you to stop asking for autographs here. I'm sorry." That ended it.

## Red Schoendienst Still Not Ready To Start Workout

ST. LOUIS (AP) — Red Schoendienst, veteran Braves second baseman, was reported today recovering satisfactorily from tuberculosis but it appeared doubtful whether he would be able to begin practice in Milwaukee early in July as he originally planned.

Red's wife, Mary, reported that his doctor, William Werner, had not given him the go-ahead sign for any serious workouts but he went through a 40-minute drill stopping grounders in the backyard of their home last Saturday.

She said that her father, Jim O'Reilly, a former semi-pro ball player hit several grounders to Schoendienst.

## Orioles Climb To Tie for Lead in American League

By ED WILKS

Associated Press Sports Writer

The Orioles are tied for the American League lead!

Never since Baltimore returned to the majors in 1954, have the Birds been in first place after the first few days of a season.

They did it by belting Cleveland's suddenly dead injuns 7-3 Tuesday night while Washington beat the Chicago White Sox 7-4.

That left the White Sox and Orioles with 29-24 records and a 1½-game lead over third-place Cleveland in one of the closest AL pennant races ever.

There's only a ½-game spread from top to bottom.

New York's defending champions finally reached .500 with a 9-8, 13-inning victory over Kansas City that hosted the Yankees from sixth into a fourth place tie with Detroit, beaten 5-2 at Boston.

Both are only 2½ games behind the leaders.

Kansas City, now sixth, trails by only three games. Seventh-place Washington is five games behind with Boston last, 5½ back.

Johnson (3-1), who gave up two hits and two walks, had relieved starter Billy O'Dell in the fifth.

The Birds packed it away in the bottom of the fifth on a pair of walks and errors by loser Mudcat Grant (3-2) and Rocky Colavito that scored three runs.

It was the Orioles' fifth victory in their last eight games.

Rookie Bob Allison drove in three of Washington's first four runs with his 13th and 14th homers. Then the Senators won it with three in the eighth against losing reliever Turk Lown (3-2) on a single, an error, three walks, a hit batter and a balk.

The Red Sox slowed the fast-moving Tigers with five runs on six hits and an error in the first inning against Rookie Jerry Davis (2-2). Rookie Gerry Casale (4-4), whose two-run double capped the first inning, allowed only four hits, one Charlie Maxwell's two-run 12th homer in the fourth inning.

Hector Lopez, late of the A's, tripled and scored a tying run for the Yankees in the ninth, then singled home the clincher in the 13th against Tom Sturdevant (1-3), late of the Yankees. Jim Coates won his first in the majors as the Yankees' sixth hurler and 10th in the game. Norm Siebern and Mickey Mantle homered for the Yanks, who had 17 hits, but twice blew leads while getting their 10th victory in 12 games.

Harrisburg (AP) — Pittsburgh Pirates pitcher Harvey Haddix was commended by the General Assembly Tuesday for his famous feat of pitching 12 perfect innings against the Milwaukee Braves on May 26.

The House brought out a resolution which was sidetracked to the Rules Committee last week when Speaker H. G. Andrews refused to consider the proposal immediately. Andrews said he was tired of resolutions honoring people for all sorts of accomplishments.

The committee approved the resolution and sent it to the floor where it was adopted without comment.

Meantime, the Senate introduced a similar resolution and gave it immediate consideration and approval. Sen. Albert R. Pechar (R-Armstrong), the sponsor, conceded that it was a little late but commented that since the House had failed to pass one last week it was time somebody in the Legislature did something to honor Haddix.

## Unpredictable Cards Blast Off Against the Champions

By ED WILKS

Associated Press Sports Writer

An unpredictable bunch, these St. Louis Cardinals. They've lost more one-run decisions (15), and dropped more games by last-inning runs (9) than any other club in the National League. But when they break loose for their biggest run production of the season, who do they blast off against? No less than first-place Milwaukee and Warren Spahn.

They quit the cellar with a 12-3 romp against the Braves Tuesday night, running up the highest one-game run total this season against Milwaukee.

This one trimmed the Braves' lead to two games over the San Francisco Giants, who won 6-2 at Pittsburgh. Chicago and Los Angeles remained tied for third, four games behind.

When the Cubs belted Cincinnati 8-4 and the Dodgers plunked Philadelphia into the cellar 3-2.

Southpaw Johnny Antonelli (8-3), who has won five of his last six decisions, was the Giants' winner with a five-hitter, blanking the Bucs on three hits before Don Hoak's home run in the seventh. Dick Stuart homered for the other Pirate run in the eighth. Vern Law (5-4) was the loser.

Three homers scored six runs for the Cubs, who now have won six of their last seven.

The Dodgers had only four hits, split by Junior Gilliam and Wally Moon, but beat Ray Semproch (2-4) in the sixth inning when Gilliam's single, a force out and Moon's double broke a 2-2 tie.

Seven Ready To Start In Belmont Stakes

By THE ASSOCIATED PRESS

Seven horses are likely to prance to the starting gate Saturday in the Belmont Stakes, last bauble of racing's triple crown.

Latest probable starters in the \$125,000-added mile-and-a-half gallop are Claiborne Farm's Dunce and P.H.B. Freilinghuysen's Lake Erie.

Dunce has been coming on strong since he ran out of the money in the Kentucky Derby, won by Tommy Lee. The 3-year-old son of Tom Fool-Ghazni bounced back to finish fourth in the Preakness — second of the triple crown events — and Tuesday impressed his owners with a 2½-length triumph in the High Gun Purse at Belmont Park.

## Antonelli Is Still Master Over Pirates

PITTSBURGH (AP) — San Francisco's ace pitcher, Johnny Antonelli, continues his mastery over the Pittsburgh Pirates.

The big southpaw threw a five-hitter Tuesday night as the Giants whipped the Pirates 6-2. It was Antonelli's 20th victory of his career over the Pirates against nine losses. His season record is now 8-3. Vernon Law (5-4) was the loser.

Both Pirate runs came on homers. Don Hoak belted his sixth of the year over the leftfield wall in the seventh and Dick Stuart clubbed his ninth over the same wall in the ninth.

The only other hits off Antonelli were singles by Harry Bright, subbing for Roman Mejias in right field, and Dick Stuart and a double by Henry Foiles.

The Giant's 11-hit attack was paced by Orlando Cepeda, who clouted two singles and a double.

The victory evened the four-game series at an apiece.

A crowd of 24,272 saw starter Law chased in the seventh inning. He was followed by Ronnie Blackburn and R. G. Smith.

The Giants tallied one run in the first, two in the sixth and three in the seventh.

## Gerarde Scores Win In Miami Ring Go

Tom Gerarde's hard-landing left hook floored his opponent in Miami Beach auditorium last evening as the Tiona youth battled his way to his second consecutive pro victory in two tries.

Jim McKenna, weighing in at 180, entered the pro ring for the sixth time. He went down for the nine-count in fourth round. With one second remaining for a KO call, the bell rang, saving the New Jersey boxer from a knock-out verdict.

Gerarde weighed in at 176 pounds. Rocky has credited Joe Fazio, his amateur handler, for the development of the damaging left hook which has sank many fighters to the canvass.

Jerry Leduec won the main go on the Florida card.

## Confident Holt Begins Defense Of Championship

MAMARONECK, N.Y. (AP)—A confident Tommy Bolt begins defense of his U.S. Open Golf Championship Thursday, apparently unconcerned by the shadows of those two aging titans, Ben Hogan and Sam Snead.

It's another Snead-Hogan open, so far as most of the gallery at the Winged Foot Golf Club is concerned, and it will remain so until they fall from contention. It's been that way almost for the last 15 years.

Hogan, 46, tight-lipped and determined, and with his putting touch good again, is shooting for a record fifth open title. Snead, 47, winner of 103 other tournaments, is seeking his first.

Tommy Bolt, 1958-59 U.S. Open champion, is confident he can defend his title. He is the only player to have won the U.S. Open in consecutive years.

Ben Hogan, 1950-51 U.S. Open champion, and Sam Snead, 1946-47 U.S. Open champion, are the only other players to have won the U.S. Open in consecutive years.

Tommy Bolt, 1958-59 U.S. Open champion, is confident he can defend his title. He is the only player to have won the U.S. Open in consecutive years.

#### All Know Winged Foot, Especially Home Team

BY HARRY GRAYSON  
NEA Sports Editor

MAMARONECK, N.Y.—(NEA)—It safely may be said that never before in 58 runnings of the United States Open Championship has the battleground been so familiar to so many as the West Course of the Winged Foot Golf Club, June 11-13.

There are numerous reasons for this. A number of the top playing professionals served their apprenticeship at the famous Westchester layout. Many more worked in pro shops in the New York metropolitan area.

BEN HOGAN FOR EXAMPLE, spent four years at the nearby Century Country Club. He played in five Metropolitan Opens over the West Course. Winged Foot, you see, happens to be everybody's course.

Tommy Bolt, the defending champion, is not well acquainted with the West Course, starting with Tommy Bolt, the defending champion.

Practically all of the superior shotmakers—Arnold Palmer, Art Wall Jr., Dr. Gary Middlecoff, Julius Boros, Dow Finsterwald, Jay Hebert and the rest—know precisely what to expect. Then there is the home team composed of Claude Harmon and what he calls his nine chicks. Harmon, in his early 40's, and fellows who worked with him at Winged Foot and Seminole in Florida will take a lot of beating. His line of former and present assistants who qualified includes Dick Mayer, Mike Souchak, Jackie Burke, Shelley Mayfield, Jay Riviere, Otto Greiner, Dave Marr, Harry Dee and Jimmy McHale, an amateur and a veteran Walker Cup player who is now a wealthy insurance executive.

Mayer, the perfect golfer who eradicated Middlecoff in the play-off at Inverness in 1957, is a tremendous threat here, where he started to play as an amateur at 14. Souchak, the bulky one-time Duke place-kicker, led New York metropolitan qualifiers by three strokes.

BURKE, THE HOUSTON realtor, is sure to be back on his game and the blond Mayfield comes from Meadow Brook with his long irons. The handsome Riviere, a Rice tackle of a couple of years ago, is the Souchak type.

Greiner, fortyish and with the Knickerbocker Club of New Jersey, has had control of the ball since he was a Baltimore amateur. The small, compact Marr of the Rockaway Hunt Club is a promising cousin of Jackie Burke. The tall, willowy Dee of the Scarsdale Golf Club once turned in a 63 on the West Course.

It's tough enough to win the Open under ordinary circumstances with unknowns like Jack Fleck popping up here and there. This trip you not only have the Hogans and all the rest, but a fully-equipped home guard ready, able and eager.

#### It's What You Do That Makes You Attractive

A woman is her most attractive self when she is—  
All dressed up for a party at which she expects to have a good time.  
Holding a child she loves on her lap.  
Listening to what someone else is saying, obviously fascinated.  
Laughing.  
Holding a small child by the hand and is matching her step to his, but not, of course, when she is impatiently dragging the child along.  
Singing someone else's praises or talking about something that interests her keenly.  
But a woman is at her worst when she is—  
Screaming at a child.  
Deliberately trying to make an impression.  
Talking in a loud voice that carries clear across a public room.  
Bawling out a clerk, waitress, or servant.  
Repeating unkind gossip about another woman.  
Telling how she got even with a person.  
Trying to act half her age.  
Seen in public with her hair in pin curls.  
Pushing and shoving her way through a crowd.  
Bosoming a man around.  
Listening impatiently to what someone else is saying with a sour look on her face.  
Getting a laugh at someone else's expense.

### Wearing the Cross

BY WILLIAM E. GILROY, D.D.

An interesting and thoughtful letter has come to me from a woman confronted with the question of wearing the cross as a piece of jewelry.

A friend's mother had given her daughter a gold cross, which on the death of his "dearly loved" relative had come into the possession of my correspondent. She valued it for its obvious worth and beauty, and very deeply because of her affection for her friend. Also, as a sincere Christian, she has a deep sense of the meaning of the Cross of Christ. So, for a time, she wore it on a chain.

"For so doing," my correspondent writes, "I was adversely criticized by a Christian who habitually found fault with those he named 'so-called Christians.' I told the critic that if I seemed to show disrespect by wearing the cross I would wear it no more, and I removed it at once."

The letter goes on to express some of her reflections, and hopes that I might help her.

I have counseled her to resume wearing the cross. In general, I deprecate wearing the cross as jewelry, particularly when it is worn without any deep or devout feeling, or response to the Cross of Christ.

I have never worn a cross myself, but where, as in the case of my correspondent, it is a symbol of the reality of human love, in relation to her friend, and of divine love in relation to the Cross of Christ, it seems to me a very different matter.

But whether to wear or not to wear a cross seems to me of much less importance than the matter of judging one another, and setting up one's particular standard for others.

One cannot be too scrupulous and conscientious in fidelity to his own standards and convictions; at the same time, if one is deeply Christian in humility and love he cannot be too careful or scrupulous about judging others.

It is a matter about which I feel strongly; partly because the spirit of divisiveness and of setting others right has so deeply cursed the history of religion, but also because I have seen how possible it is for Christians of very different attitudes to live together in harmony.

In a world torn with conflicts and with hate such harmony suggests what might be possible if Christian and sensible attitudes prevailed.

## AROUND THE WORLD

**NOT EXACTLY**—The statue of Prometheus rises above the skating rink at Manhattan's Rockefeller Center, and seems to be lifting the RCA Building. But that's only because of the straight-up camera angle, and this strongman isn't stealing the thunder of his mythical fellow Greek, Atlas.

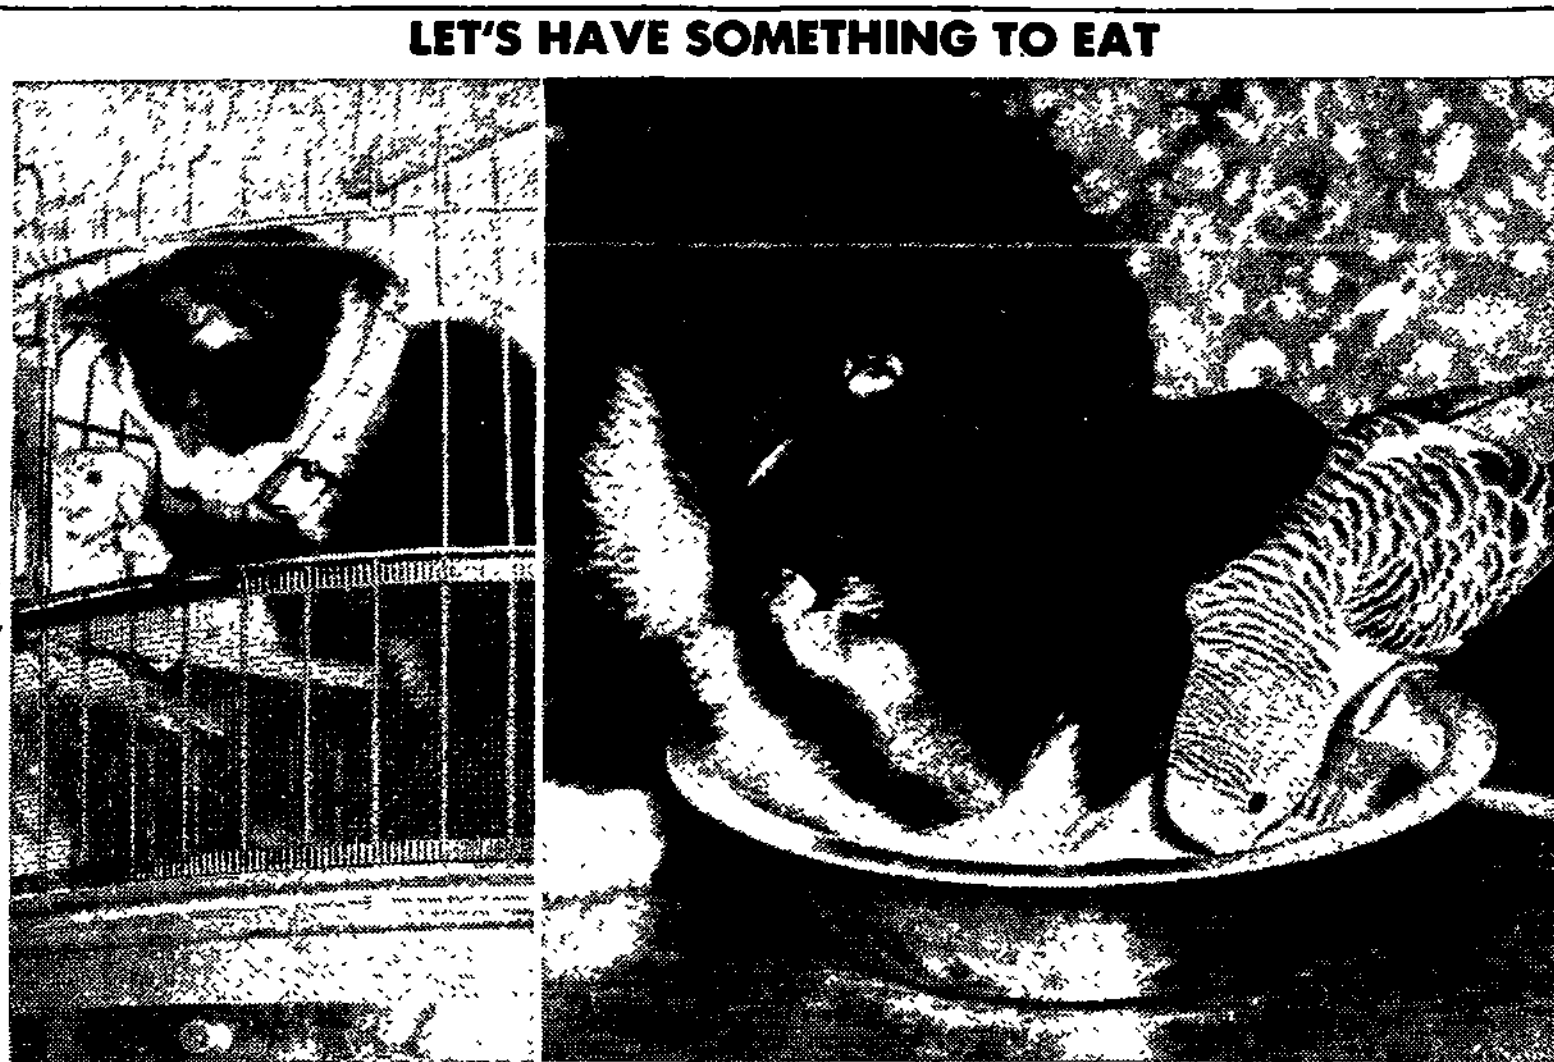

**BLOSSOM TIME**—The tulips in Parliament Square in London, England, frame Big Ben, the famed clock in the background. It will mark its 100th birthday this year, as it looks serenely out from high in the Parliament Building tower.

**NEWCOMERS**—Asta, the terrier well known to TV fans of "The Thin Man" films, is introducing his latest offspring to actress Phyllis Kirk, who stars in the series. It's officially the 10th time that Asta has become a proud poppa.

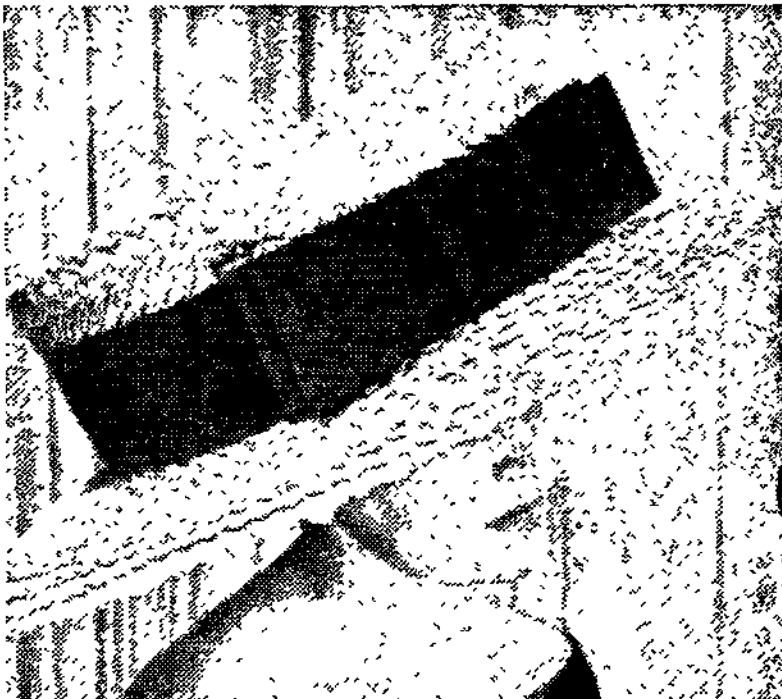

**SKELETON CREW**—As they carefully excavate the skeleton of an ancient elephant, these workmen bone up on history at Riano Romano, near Rome, Italy. The bones are those of a baby elephant which probably met a violent death centuries ago, according to experts who have previously uncovered other fossilized remains in this area.

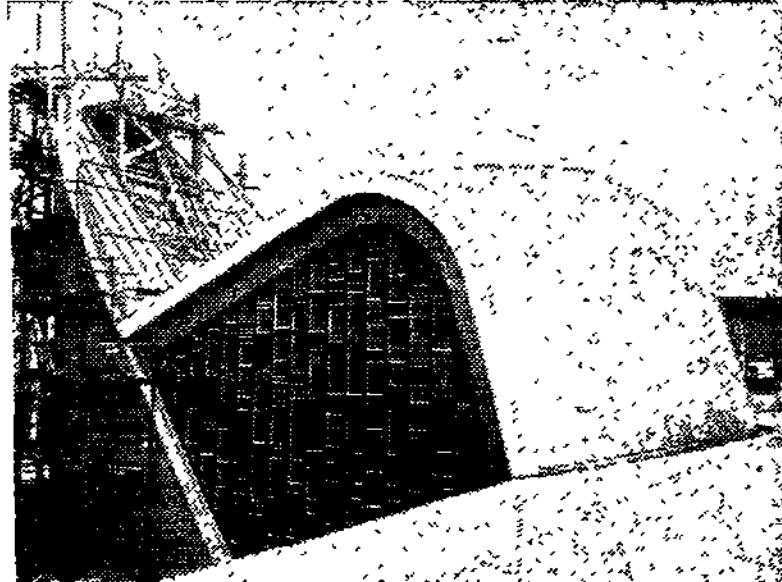

**PUSS AND BIRD**—Although Mittens, a cat, has managed to get into that cage with Mr. Whiskers, a parakeet, the bird isn't at all alarmed in Albany, N. Y. Mittens has just dropped in to ask his friend out for a bite—together, that is (left). The pets belong to Mrs. George Miles, and having a parakeet for lunch is fine for Mittens, as long as that brave little bird doesn't drink all the milk in the pan (right). That's rather unlikely, but in case it ever happens—birdie, take flight!

**CHECK MATE**—Jacques Heim chooses royal blue worsted for this suit in Paris, where he's matched it with lively blue and white silk surah checks drawn into a big artist's bow. The high rising skirt joins a simple white tuck-in blouse.

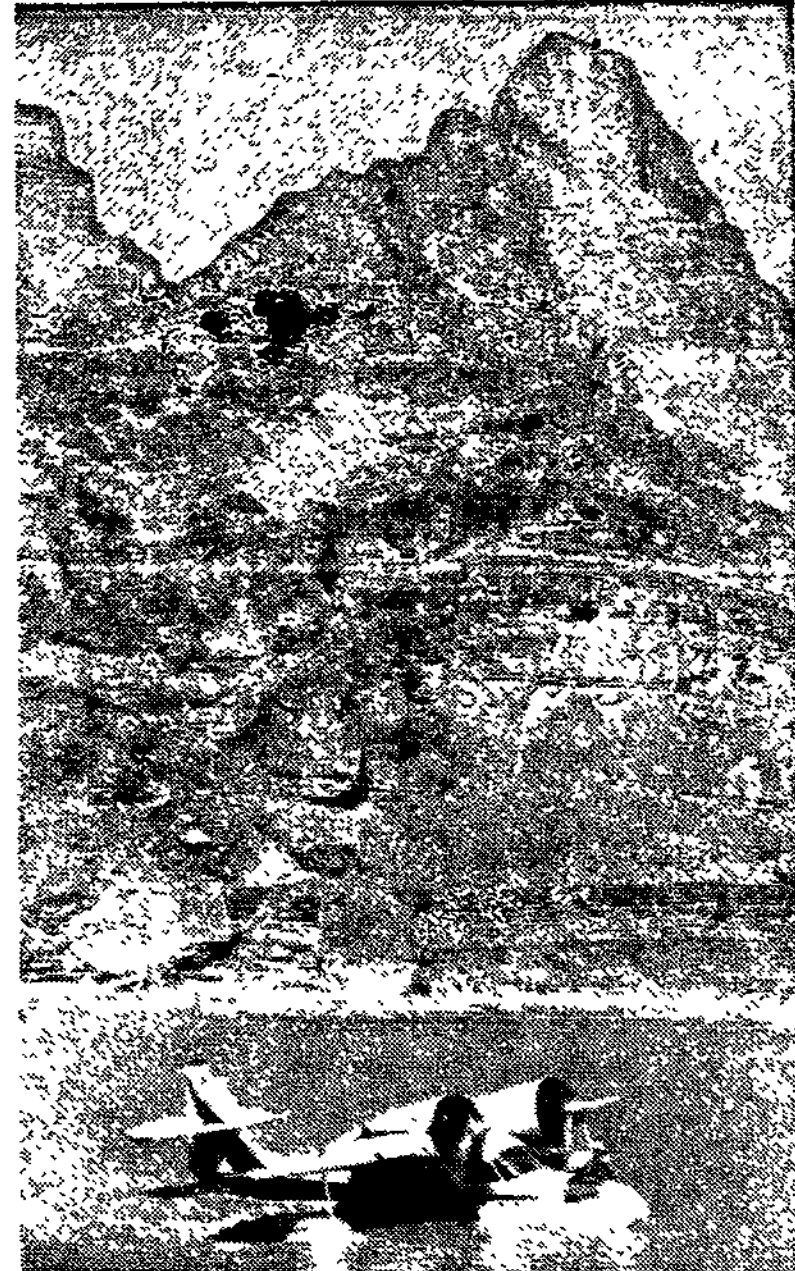

**IT'S TOO MUCH**—The straw skimmer, having made a fashion comeback for men, has also become a super-sized beach hat. It has a special filling in the crown to fit the head snugly. Done in natural straw, with wide grosgrain band and flat bow, the whimsical chapeau has a 29-inch-diameter brim.

**WHY, IT'S A CHURCH**—"The Lord's Chair" is the name sidewalk superintendents have pinned on this new church nearing completion in Bremen, West Germany. The odd structure is built of steel, glass and concrete, with an aluminum roof. Only a cross remains to be added to the "steeple" at left.

**HERE'S WHERE!**—Directing traffic at the nation's only garage of its kind is pretty Peggy Lynch. Cars in this establishment in Manhattan are parked according to their make, and that's certainly something new under the sun.

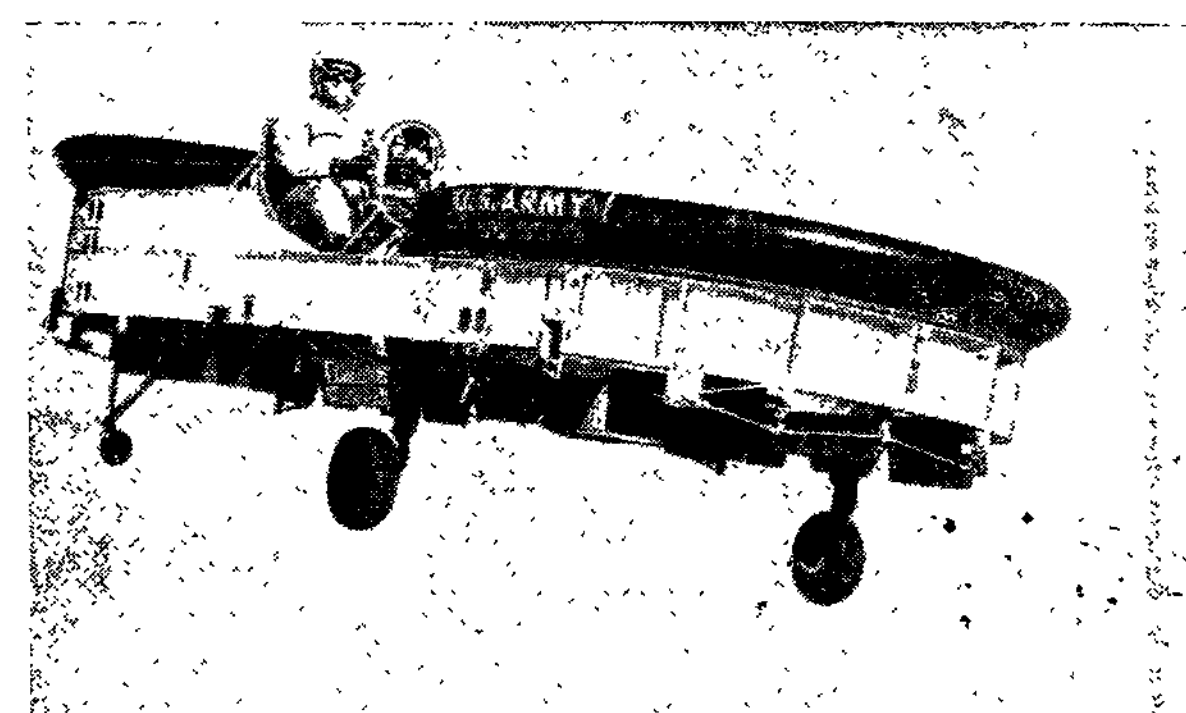

**TAKING A CHANCE**—The ageless walls of the Grand Canyon look down on something new—the first amphibian plane ever to land on the Colorado River at the bottom of the vast chasm. Piloted by Capt. Paul S. Bailey, of Burbank, Calif., the Face-Gannet plane made the difficult landing for a scene in a movie being filmed at nearby Kingman, Ariz. Bailey is president of a firm which supplies film and TV companies with planes and pilots for hazardous work.

**A PROBLEM**—After giving his pet duck a bath, three-year-old Tony Laury dries it off at home in Hartford, Conn. (left). When that's all over, the little bird, an Easter present to Tony, wants to play (right), and he has his own way of getting his young master interested. The duck's too much of a pet to eat, and growing too big to keep at home.

**ALL IN FUN**—Surrounded by happy youngsters in Miami Beach, Fla., this former Navy plane has escaped the usual scrap pile to become their plaything. The city recreation department got it without engine and other parts, and set it up in Flamingo Park.

**FLYING JEEP**—A unique craft was introduced to the public in Philadelphia, Pa., when the Army showed its new combination jeep-helicopter. The vehicle can fly like the latter and travel along a road like a jeep, and it's awe-inspiring to behold.

## Ike Calls on Medical Men To Help Stave Off Inflation

By FRANK CAREY  
ATLANTIC CITY, N.J. (AP)—President Eisenhower has called upon organized doctors to help write a preventive prescription against inflation in the same way they guard the nation's physical health.

And one way, he told the 108th annual meeting of the American Medical Assn. Tuesday night, is by charging reasonable fees for medical care. He made no accusation that doctors were charging unreasonable rates.

In his speech he hammered anew at what he termed the urgent need for a balanced federal budget.

"For those who will take the trouble to look, there is no difficulty in seeing the relationship between fiscal responsibility and a successful, meaningful life for all in a climate of freedom," he said.

"I am confident that you doctors as community leaders in great urban centers and in the villages and farm areas of America, can do much to promote greater understanding of the importance of this vital relationship."

"So I believe that, as you show us how better to preserve our own health, you can do a great service to yourselves, and to all of us, as you teach that the future of our republic and the free world depends upon our ability to maintain fiscal soundness in government, a robust economy, and a stable dollar."

The chief executive trimly dressed in a summer formal suit—spoke to a capacity audience of more than 5,000 at Convention Hall.

## Both Newspapers In St. Louis Are Closed by Strike

ST. LOUIS (AP)—Both St. Louis daily newspapers were closed today by a strike of St. Louis Stereotypers Union Local 8 against the afternoon Post-Dispatch.

Materials and jurisdiction were involved in the complicated dispute.

The union struck at midnight Tuesday, forcing the morning Globe-Democrat to suspend publication. The Globe, target of a recent 99-day strike by the American Newspaper Guild, is printed by the Post-Dispatch under contract.

The Globe-Democrat's 2 a.m. edition was not published but the newspaper ran off all of its home editions by changing its schedule. Picket lines were set up at midnight. No negotiations were held Tuesday night.

The Newspaper Guild announced it would observe the picket line. Union printers were told that if they refused to cross the picket lines they did so as individuals, but that this was their prerogative under their contract.

### Condemnation for Stealing Inspires Child Welfare

BY MRS. MURIEL LAWRENCE

The summer I was 7 I tried to steal a library book. I did not want to steal. I just wanted to keep a book of Persian fairy tales all summer without having to make a six-mile walk to the village every two weeks to get it renewed.

My solution seemed simple. I took the book and was walking out with it when the librarian spotted it. Calling me back, she waved it in front of my face while making a very excited speech on my poor training and conduct.

Thereafter, although I was wise enough to control my wish to steal library books, I often wanted to. But my motive for wanting to had changed. I'd become less interested in possessing myself of books than in avenging myself on the librarian. I was so mad at her for misjudging my action that I wanted to humiliate her by proving to myself I could fool her.

This is why we are mistaken to make angry, condemning speeches when a child comes home with a friend's toy or otherwise possesses himself of other people's property.

Like me, he may not know what you are talking about. A simple creature, he's served his wish for the dime on the kitchen table by taking it. I, for example, thought myself highly intelligent to solve my wish for the Persian fairy tales by walking out with them. It seemed such an obvious thing to do.

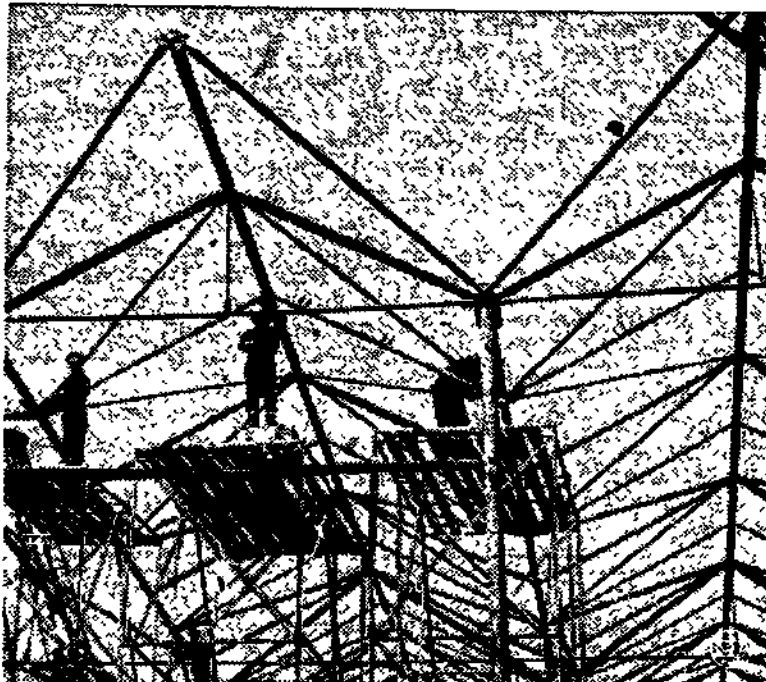

So, like countless other children faced with adult anger at their primitive morality, I was shocked by the librarian. I thought she was crazy. And again, like countless other children in these situations, I wanted to punish her for humiliating me when I was so pleased with my own resourcefulness.

This is the danger of the angry, condemning speeches. The child's wish to possess himself of a desirable object may turn into a wish to punish the condemning person.

When the condemning person is his parent, the wish may become uncontrollable. We are always more disappointed, more hurt by the misjudgment of a loved person than we are by that of someone like my librarian. So the child may start taking things, not because he wants the things so much as he wants to prove himself able to fool us.

Certainly the delinquent children I have known fought the thief's secret war out of just such a passion for vengeance.

### KANE VANDALISM

Kane Republican: A recent wave of vandalism is taking place in Kane's beautiful Evergreen Park. Borough officials have reported finding picnic tables and benches completely smashed and the water line leading to the drinking fountain was damaged to the extent that both the fountain and the lines leading up to it will have to be replaced. Other targets for the vandals have been the rest rooms located in the center of the park. It has become almost a daily chore for park attendants to repair the rest room facilities following damage inflicted by the vandals. Borough Manager William F. Bunce said that efforts are in process to locate the persons responsible and that they face serious charges. In recent years the park has become increasingly popular as a picnic area. At its last meeting Borough Council agreed to solicit bids for a new pavilion to be constructed on the site of the old bandstand. The proposed pavilion will be located about 100 yards from the park pond and will measure 20x40 feet.

### CURIOUS SPECTATORS

Corry Journal: "Fire-followers" congested the area of a car fire at West Columbus avenue and Hatch street after 9:30 last night and, had the blaze been a more serious one, firemen would have been extremely hampered, Jack Downey, fire chief, said today. At 9:35 p. m. Corry firemen were summoned to that intersection where an auto owned by Rev. Robert J. DeBoer, South Center street, and driven by his son, caught fire from an electrical short. Sixteen men, Engine 2 and Emergency 5 responded to the alarm. However, Emergency 5 was turned back before it reached the scene partly because it was not needed and because of the terrific problem that developed, Downey stated. He told the Journal today that had the emergency truck reached the fire, it would have had a difficult time getting out in the event of a second call.

## Sen. Clark

Alternative proposal from Dr. Arthur E. Morgan, consulting engineer to New York's Seneca Indians.

The Indians oppose the big dam because it would inundate a large portion of their reservoir in New York State. Morgan's proposal calls for a substitute reservoir in Conewango Valley, N. Y., rather than in the Allegheny River above Kinzua.

The Senecas now are awaiting word from the U. S. Supreme court on whether their appeal for an injunction to halt construction of the dam will be reviewed by the court.

In his letter to Ellender, Clark noted that Morgan already has submitted six alternative proposals to the Army Engineers and all have been rejected.

Following conditions:

"1. The Western powers reduce the level of forces and armaments to a symbolic number.

"2. Hostile propaganda against the GDR and other Socialist Communist countries from the territory of West Berlin to be stopped."

"3. All organizations in West Berlin engaged in espionage and hostile activities against the German Democratic Republic and other Socialist countries to be liquidated.

"4. The Western powers to assume the obligation not to station atomic or rocket installations in West Berlin.

"If these conditions are acceptable, the U.S.S.R. is ready to maintain communications between West Berlin and the outside world as now existing."

Gromyko told the Western ministers that if they did not agree to his proposition the Soviet Union would not give its consent to continuing the present regime in West Berlin.

Also, Berding reported, Gromyko said that if the Western powers or West Germany hampered the achievement of a peace treaty within the time limit, the Soviet Union and other countries "would be compelled" to sign a peace treaty with East Germany.

## Erhard

"I will under no circumstances," he told reporters, "tolerate the continued existence of the historical lie that I am less qualified than the chancellor to guide the German fate during this serious situation of our people."

Erhard made clear he would try to get the Christian Democrats to force Adenauer to reverse his decision. His alternative would be to try to form a coalition of his supporters and opposition Socialists to overthrow the chancellor on a parliamentary vote of no confidence.

## Big Black Bear Shot By Baltimore Police

BALTIMORE (AP)—City police report they shot and killed a large, black bear in downtown Baltimore about 4:15 a.m. today.

Somewhat proudly, officers said they think it was the same elusive bear that gave Washington police so much trouble recently.

Two men spotted the animal late Tuesday night near a cemetery in the southwest section. Police were alerted. Some 100 officers joined in the hunt.

The bear wandered in and out of alleys, with dogs at its heels. The hunt ended about five hours later when police felled the animal with a high-powered rifle. It took four policemen to load it into a wagon.

The final vote was 48 for Tompkins and 47 for Rep. Edwin E. Lippincott (R-Delaware) to take the place of the late Rep. Allen M. Gibson (R-Warren).

## C. of C. Fund Drive Reported Near Goal

The board of directors of the Area Chamber of Commerce at a meeting Tuesday, unanimously approved an application for membership submitted by Cowdick's Drug Store.

A report on the results of the fund raising campaign for the expansion of off-street parking facilities, indicated that the goal of \$10,000 will probably be reached within the next week. The money will be given to the Warren Parking Authority to be used for the development of parking lots in Warren Borough.

Because of the work load resulting from increased activities of the Chamber, the Board also approved a recommendation by the Internal Affairs Committee, to employ an additional secretary on a part time basis in the Chamber office.

The July regular board of directors meeting was cancelled by unanimous approval, since this is the vacation month of the year and many of the Directors would be out of town.

## Tiphereth Israel Synagogue Anniversary

Committee and guests of honor for the anniversary reception at the synagogue on Sunday gathered on the lawn of the Eli Gordon home for the above Timesphoto by Saylor. Seated, left to right, are Mrs. David Demel, Dr. Leonard Rosenzweig, Mrs. Gordon. Standing, Mrs. Charles Sontag, Mr. Sontag, Mrs. Rosenzweig, Mr. Demel, Mrs. Jerry Waxman, Mr. Gordon, Mr. Waxman.

Colorful floral decorations and placards denoting "40th Anniversary" marked the setting for the celebration banquet at Tiphereth Israel synagogue in Conewango avenue on Sunday evening. Present for the affair were many out of town guests and former members of the congregation.

The invocation was given by Rabbi Morris Kosman, followed by greetings from congregation President Bert Lewison and Sisterhood President, Mrs. Mrs. Charles Sontag.

After an excellent banquet prepared by ladies of the Sisterhood, Toastmaster Charles Sontag and Jerry Waxman reviewed some of the synagogue's history, from its beginning in 1918, when a small group of 14 members purchased the present building from the United Brethren congregation.

Three of the charter members, Louis Segel, Charles Pinsky of Warren, and David

Kanovsky, of Kane, were recognized. A moment of silence was observed in memory of those founders and past members now deceased.

A highlight was the address by Dr. Leonard Rosenzweig, former active resident of Warren and now a practicing psychiatrist in Grand Rapids, Mich. He spoke on "The Responsibility of the Jew in the Small Community", in which he brought out the scholasticism of Judaism, which is responsible for the many valuable contributions by Jews in this and other communities.

Dr. Rosenzweig stressed necessity for active participation in meaningful communal activities as the pattern for improving our democratic processes; also importance for those present to live within the framework of Judaism, as a means of achieving inner satisfaction and the respect of the community.

An outstanding musical interlude was provided by Belle Berenfeld of Pittsburgh, who artistically presented a program of Spanish, Russian, Israeli and English ballads. Berenfeld, a graduate of the Conservatory of Music in Havana, introduced her number appealingly dressed in the costume of the country whose music she sang. She was ably accompanied at the piano by Miss Valerie Gordon, recent graduate of the Carnegie School of Music.

Prior to the banquet, a lovely late afternoon reception for members and guests was held on the lawn at the home of Mr. and Mrs. Eli Gordon. Out of town guests were present from Philadelphia, Grand Rapids, Milwaukee, Patterson, N. J. and Kane.

Jerry Waxman was general chairman of the anniversary celebration; Sisterhood chairman in charge were Mrs. David Demel and Mrs. Eli Gordon.

was found in a river 20 miles away. There have been no arrests in that case.

The four youths on trial were arrested within hours after the alleged rape of the 19-year-old Tallahassee girl on May 2. They were indicted by a specially summoned grand jury and have been held in the county jail without bond.

The fact that no white man has ever been electrocuted in this state for raping a Negro led the Rev. A. Leon Lowry, president of the Florida Conference of NAACP branches, to demand the elimination of what he called a "double system of justice."

All four youths pleaded innocent at their arraignment. Sheriff Bill Joyce said all had signed confessions.

The defendants are Willian Collinsworth, 23, a telephone lineman who is married and has two children; Patrick G. Scarborough, 20, an Air Force man; David Ervin Beagles, 18, a high school senior; and Ollie Stoutamire, 16.

They were charged with snatching the Florida A&M University girl from her escort following a school dance, and driving her to a lonely woods where they raped her repeatedly.
